

Wastewater service at this address is billed through a cooperative agreement between the City of Orlando and Orlando Utilities Commission.

SEWER RATE ADJUSTMENT

Effective October 1, 2024

The capital and operating costs of collecting, transmitting, and treating wastewater, and the cost of the distribution of reclaimed water, have been steadily increasing.

The City is, therefore, proposing a 5% increase in your wastewater rates for 2024-2025. The new rates are shown below.

RESIDENTIAL RATES:

Capacity charge per ERU

	In City	Out of City
2023-24	\$23.22	\$29.03
2024-25	\$24.38	\$30.48

Commodity charge (per 1,000 gallons)

	In City	Out of City
2023-24	\$5.61	\$7.01
2024-25	\$5.89	\$7.36

COMMERCIAL RATES:

(Includes Commercial, Industrial, and Master Metered multiple family living units).

Inside City Limits:

Water usage is divided by 7000 gallons (result rounded to nearest .10) times \$24.38 is the capacity charge, plus \$5.89 times each thousand gallons of water usage on current bill. Minimum \$24.38 capacity charge.

Outside City Limits:

Water usage is divided by 7000 gallons (result rounded to nearest .10) times \$30.48 is the capacity charge, plus \$7.36 times each thousand gallons of water usage on current bill. Minimum \$30.48 capacity charge.
